## KEEPING SCORE

**\*Numbered columns indicate innings please make sure you are scoring in the correct column\***

- Use the scoring symbols above to record plays as they happen during each inning.
- Make sure to record the score in the correct row (indicated by the player's name)
- At the end of each inning total the number of runs and hits
- At the end of the game add up the number of runs, this is the final score (the final score *MUST* be equal to the total number of filled diamonds, used to keep score, a team has)

### Example

A box filled out like this indicates:

- The player hit the ball and made it to 1<sup>st</sup> base
- Then subsequent player(s) hit the ball and this player was able to make it around the bases and score a run

**\*AT THE END OF THE GAME BOTH MANAGERS NEED TO SIGN THE SCORECARD\***

**\*The winning team is responsible for turning in the score card\***

## DISCREPANCIES

**\*All scoring disputes *MUST* be settled on the field, once a card is turned in scores on the card are final\***
